HISTORICA SELECTA

AUTOBIANCHI A 112 GIOVANI

"..il carrozziere torinese ha lasciato il suo stile tradizionale ottenendo una certa originalità: forme squadrate a superfici quasi piane, taglio bicolore; interessante l'andamento tipo "dune buggy" della fiancata." (from Quattroruote 11/1973, p. 120)

"..Pininfarina produced an attempt at a simple sports car for the young. Based on the Autobianchi equivalent of the Mini, the aim was to give style and fun without the sophistication which nowadays so increases the cost of many sports models." (from Pininfarina, Architect of Cars, by M. Frostick, p.168)

"Une recherche pour un spider simple, pratique, réduit à l'essentiel, dénué de tout ornement inutile." (from Pininfarina, Prestige d'une Tradition 1930-1980, by D. Merlin, 1980, p. 220)

Year : 1973, presented at the Geneva Show
