

All Spectators and Participants ...

It is our pleasure to welcome you to the COURTLAND SPORTS CAR RACE. The wish of the Alabama Region is to provide you with the most enjoyable and SAFEST race possible. You share in the success of this event.

We would like to ask those who are spectators to co-operate with us in staying in the areas designated for your use. These areas have been very carefully thought out to give you the best possible view of the races commensurate with maximum SAFETY. Notice that we capitalize SAFETY, for without it there can be no race. The slogan of the Sports Car Club of America is, "SPORTSMANSHIP DEMANDS SAFE DRIVING," and while we stress this point always, it is particularly applicable to racing. This cannot be emphasized too strongly, for at any time the course becomes unsafe for any cause, the racing will be stopped until the condition is corrected, and this includes spectators in unauthorized locations.

Again we welcome you.

Sincerely,
Alabama Region,
Sports Car Club of America, Inc.
