

Frank,

I can find no record of National racing points for either Drolet or Harrison, in a Frazer-Nash. I can only assume that their competition was restricted to local SCCA events, which in that era did not have to have their results sent to SCCA head quarters.

How many times did you race the Lemans Coupe ~~to~~: Only race she did was Courtland Al. July 4, 1960 - She was on the starting line and selected rev. gear, not first - Went backwards 5-6 feet before she found 1st. "Car was not meant to drive".

She has no photos of the car/race in her collection
