

1953 Ferrari 342 America One-Off Pinin Farina "Speciale"

One-off multiple award winning example for 1953 Geneva Auto Show. This car is in fantastic condition, with its original motor and only 27,000 miles. Great power to weight ratio, 2,600 lbs. with "big block" 4.1 liter V12. First of the synchro gearboxes and left hand drive. A very rare car with excellent providence.

This blue chip investment is an A-list entry for any important car event in the world, including the Mille Miglia.

340 M.M. Coupe Competizione
