Dear Mr. Lee,

Thank you for your kind enquiry of 8th May about your DB2. The very best photograph I have been able to obtain of this car is in "The Motor" of 15th June, 1949, page 543. I enclose a photocopy herewith. Unfortunately our photocopier does not reproduce at all well when the photo is largely black. Our photographic librarian could make you a perfect print for 15/-.

If this copy is of use to you perhaps you would be good enough to send me 2/- to cover the cost. I do not believe you will have any success in trying to buy a back number of "The Motor" but their offices are in Temple Press, Bowling Green Lane, London E.C.1.

If you want a print made of this page, would you address your request to M.E. Ware at this office.

Trusting we may be of service to you,

Yours faithfully,

Miss Sylvia Buckle  
Librarian
