

## NOTICE OF AWARD

Your car has won an award which will be presented around 3:00PM in the Casino (at the foot of the grand staircase).

Please make sure that you are at your car at 2:30. At that time an official will contact you and guide you up the hill to the assembly area where the winning cars will be lined up in order of appearance. This card indicates the order of appearance and should be placed in your windshield.

You will then be directed to proceed down the hill and called on to the award green for your award. Once you have received your award:

A. The second place winners may either drive back up to the concours field or leave the estate.

B. The other winners will be asked to park on the front of the award green until the awards are over. When the award ceremony is over these cars may remain in place or go home.

The "Best of Show" winner will be asked to wait a few minutes for photographs as this car will be used for next year's poster.
