Mr. D. Morris  
Cotelands  
Reservoir Road  
Whaley Bridge  
Stockport  
Cheshire SK12 7BW

Dear Mr. Morris

Thank you for your letter of the 19th March concerning Stub Axle Bushes for A C Ace. Unfortunately we do not manufacture a Bush to suit this application but we have identified a Bush of similar design that could meet your requirements. The dimensions are:-

Housing Dia	.814/.815
Rough Inside Dia	.676/.682
Length	1.500

The Bush has a suitable groove design for lubrication and will allow machining on one side of the Bush to meet 1.125 length.

Should these dimensions be suitable please let us know.

Yours sincerely

P. G. Mellish
