International Alfa Romeo 6C2500 Register

Alfa Romeo

Volume Two, Number Three

Third Quarter, 1996

Three 6C2500 Touring Cabriolets Grace Deauville Concours. Three Registro members each had a pleasant surprise when entering his 6C at the 1996 Deauville Concours in France: each found two other Touring-bodied 6C cabriolets in attendance! The gathering of this trio was a remarkable coincidence: almost all Touring-bodied 6C's are coupes and berlinettas, whereas most of the Pininfarina cars are cabriolets. In other words, the odds of three 6Cs picked at random being Touring cabriolets would be almost astronomical!!

The owners were justifiably proud of their well-presented cars. From Biella, Italy, Vittorio Serventi brought his 1943 Super Sport (915527, "Turinga" No. 2663). From Germany and Italy, Dieter Dambacher proudly showed his newly restored 1940 Sport (915105, Touring No. 2483). From Mont Saint Aignan, France, Charles Hazet showed his 1939 Sport (915042, Touring No. 2403). Dieter had an opportunity to examine the Hazet car for the first time and found more ammunition for his "numbers game": the car bears the number "SS 21". (Photo by Dieter Dambacher)
