Dear Mr. Funk,

We appreciate the opportunity to be of service to you. Ford Motor Company has licensed us with their entire production database of North American-built vehicles from 1967-1973. You made inquiry about 1968 Mustang production. We have researched the question you raised and report the following to you:

There was one 1968 Convertible Mustang produced with a 428-4V Cobra Jet engine that was painted Gulfstream Aqua and equipped with the GT Equipment Group. It was serial number 8F03R183481.

I hope this information proves valuable to you.

Kevin Marti
