These Balilla cuttings from  
my motoring scrapbook - Hope  
they may be useful to you!

"BYV 106" now belongs to

Pièvo Venquano Strada Ponte Verde 11/9  
10131 Torino Italy -

A friend recently gave me a  
Dinky sized model Balilla with  
lifting bonnet & engine - but do not  
know the manufacturer - no name was  
printed on it - but he bought it  
at a Brighton Model Exhibition.

Sincerely

Monica Whincop-
