1929 HISPANO SUIZA 8-LITRE —

A superb example of this extremely rare vintage car. It is fitted with fully convertible coachwork by Henry Binder of Paris and has unique painted storks (cigoynes) on the woodwork in the rear compartment. This 'Boulogne' Hispano combines unsurpassed elegance with very sporting performance.

1911 MERCEDES 'KNIGHT' —

A magnificent and original 7 passenger open touring car, with wood panelled body and buttoned leather upholstery. Minimal restoration is required to make this a fabulous car for the long distance Rally. Wheels — 880×120. Runs and drives very well.

1938 ALFA ROMEO 6C 2300 MILLE MIGLIA —

Fitted with the first "Superleggera" coachwork by Touring of Milan. Thought to be one of three surviving examples. The car was found last year languishing in southern Brazil since when it has been completely restored and has just completed the Mille Miglia again successfully covering 3000 miles in under eight days. A most rare, fast and sporting coupé.

The above are representative of our unusual stock of motor vehicles. We are only interested in the rarest items, preferably which have never been offered to the general public before.

It is not our policy to advertise regularly and complete discretion will be observed at all times. For further information on the above please contact Colin Crabbe.
