Dear Mr. Ford,

Thanks for your letter + \$5 bill which pays for this Gazette to come to you by airmail. I infer from your letter you might be interested to join the Nash Section in view of the move to embrace owners of postwar Nashes. It's a bit of a complicated arrangement, as you must first join the VSCC as an associate member (unless you also have a vintage car of some sort). I think as an overseas member it would only cost about £5, then you could join the 'Nash Section which is

£9 a year (the £ is currently worth about \$1.80)  
If you are interested, our secretary Roger  
Newton (whose address is in the front of the  
Gazette) could get you application forms.  
The VSCC puts out a splendid Bulletin  
4 times a year.

I have sent your letter on to Dr.  
Lionel Stetton (White Gables, Faze Hill Rd.,  
Headley Down, Hants), who is one of the leading  
lights among postwar owners. He may be able  
to comment on your point about your LHD  
car, & to take advantage of your body (if you  
see what I mean).

Yours sincerely

David Taming
