

Peacockson,  
Whinham Rd.  
Fensdown,  
Russet.

11/7/60

Dear Michael,

re. Galilla - BXU 106

Further to your letter re: the  
above this car was duly located and  
examined.

Yours:  
Miss England,  
15 Beaton Avenue,  
Tel. Christchurch 1248

The good lady was not at  
home when we called but it is  
understood that £30-00 is required  
for the car.

It is red, on bald tyres, aero screen has at some time been fitted, panelwork restorable, body structure very weak & requires complete renewal, nasty remote control g'ch. fitted, unable to find either engine or chassis nos. or log book, non original headlamps, no battery, assuming it to be undamaged mechanically it would be worth \$20-25 to someone sufficiently interested to rebuild. In its present state it would not pass the "Ten Year Test" and might be fairly described as "clapped".

Will endeavour to get eng. & chas. nos. & previous owners & let you know.

All the best  
In haste  
G. J. C.
